You don't need somebody's wish list to pick out a memorable gift for them — you just need a little inspiration. From stocking stuffers to statement pieces, we've rounded up some of our favorite things to give this holiday season.

Burst Sonic Toothbrush

There a ton of electric toothbrushes out there but we like BURST, a chic and powerful toothbrush that uses charcoal-infused brushes for a deeper, gentler clean. BURST says its toothbrush is 10x more effective at removing plaque and surface stains than a manual toothbrush, while also being kinder on your gums.

What we like: three different power modes let you control how aggressively you want the brush to vibrate. The handle is also longer than traditional toothbrushes, making it easy to reach the back corners of your mouth. A single charge gets you up to a month of battery life. Three different colors are available: black, rose gold and white. Can you say stocking stuffer? Purchase: [\\$69.99 on Burstoralcare.com](https://www.burstoralcare.com).
